

THE LINEAGE COLLECTION

“GOOD
DRINKIN’!”
PÉT-NAT #1
2020 SPARKLING BARBERA ROSÉ

Because we love all things bubbly, and we can't stop making wine when there are wonderful things to experiment with, we offer you “Good Drinkin’!” N° 1!

“Good Drinkin’!” N° 1 is a Pét-Nat of Barbera made from the fruit growing on the Home Ranch Vineyard. Unlike the traditional method of Sparkling wine production, where there are 2 separate fermentations that create the bubbles, the ancestral method (Pétillant-Naturel) captures bubbles at the end of its primary fermentation.

With a little bit of sugar still remaining we bottle the wine and close it with a bottle cap. The small amount of sugar continues to ferment until it is nearly dry, adding a wonderful mousse of fine bubbles to the finished wine.

Unlike California Sparkling wine, “Good Drinkin’!” N° 1 shows a bunch more fresh fruit flavor and aroma. It isn't stuck-up like Champagne; it just wants to add to your enjoyment of just about everything!

“Good Drinkin’!” N° 1 was made by the production team of The Lineage Collection because we love drinking, making, and sharing wines that are super fun and super delicious!

This wine is delicious, naturally bubbly and very enthusiastic! It contains sediment so please follow these simple steps to insure the best possible drinking experience:

1. Place bottle standing up in your refrigerator and serve **VERY COLD!**
2. Have your glasses ready before you pop the top, the wine will froth over.
3. Point the bottle away from your face or anything of value. Open the bottle outside or over a sink, just in case!
4. This wine was not filtered or fined nor was there any sulfur added.
5. Enjoy with EVERYTHING!
